

# WINTER

The track is located on Grove Street at the west edge of the Village Winter and is set-up to park your trailers beginning Friday evening. You may find that not all of the lodging establishments have accommodations for your trailers, or limited space. While a request will be made for higher law-enforcement presence, please remember to secure your trailers.

All of the lodging establishments on our poster and web site are within ½ hour's drive to the track.

Any further questions regarding this event are encouraged to call Todd Miller @ 715-266-6039.
